

EU Textiles

Product Passport Conference

Valencia, Spain 2026

**EU Textiles Digital Product Passport Conference
Tuesday 29th September 2026**

Palacio de Congresos | Valencia | Spain

Welcoming hundreds of senior level decision makers with responsibility for ensuring strategic compliance, the EU Textiles Product Passport Conference 2026 will provide the perfect setting to explore DPP regulation, technology and opportunity specifically for the Fashion & Apparel sector

www.eutextilesdppconference.com

The EU Textiles Product Passport Conference 2026 is the first dedicated conference covering readiness, technology and opportunity for the introduction of the DPP regulations in textiles, apparel and footwear.

Mandatory DPPs for textiles are expected to be introduced in 2027 meaning consumers, retailers, recyclers and regulators can scan a code to access detailed sustainability, traceability, and lifecycle data, boosting transparency, circularity and resource efficiency in the textile value chain.

Welcoming hundreds of senior level decision makers with responsibility for strategic compliance, product development, circularity, supply chain operations, ethical impact, and transparency from major brands and suppliers within the apparel and footwear sector.

The EU Textiles Product Passport Conference 2026 will provide the perfect setting to explore DPP regulation, technology, solutions and opportunity specifically for the textiles sector.

Featuring a full conference agenda of keynote presentations, panel discussions, interviews and networking opportunities

Network with your industry colleagues to plan and prepare as we enter the preparatory phase for Textiles DPP introduction.
